The 18th ISCIT 2018, Sukosol Hotel, Bangkok, Thailand
“Communication and IT for Smart City”
26 - 29 September 2018

The 18th International Symposium on Communications and Information Technologies (ISCIT 2018) will be held in Bangkok, city of angles. ISCIT 2018, under the technical sponsorship of IEEE, will provide a forum for researchers, engineers and industry experts to exchange and discuss new ideas, recent development, and breakthroughs in IoT, communications and information technologies. ISCIT2018 will also offer an exciting social program. Accepted and presented papers will be published in the conference proceedings and submitted to IEEE Xplore as well as other Abstracting and Indexing databases.

**Important Dates**

**29 April 2018**
Proposals for workshops, Tutorials and Special Sessions

**27 May 2018**
Paper submission deadline extend to June 30

**20 July 2018**
Paper acceptance notification

**31 July 2018**
Author registration

**Topics**

**Circuit and Systems**

**Wireless Communications**
OFDM and multi-carrier systems MIMO, multi-user MIMO, and massive MIMO Interference alignment and cancellation Heterogeneous and small-cell networks Channel modeling and propagation Distributed and cooperative communications Smart antennas and space-time processing Communication security

**Wireless Networking and Internet of Things**
Cellular systems, 4G/5G and beyond WLAN, mesh, and vehicular networks Spectrum sharing and management IoT computing and networking Energy efficient designs for the IoT IoT Security, Trust, Privacy, IoT Data management, Mining, and Fusion New IoT services and applications

**Computational Intelligence & Data Science**

**Next-Generation Networking**
Software Defined Networking (SDN) Network Function Virtualization (NFV) Data center and cloud-based networking Self-organising networks Network provisioning, monitoring, and management Emerging Internet applications Energy-efficient protocol design and green communication Network security, privacy, intrusion detection and prevention
